I Wouldn't Change It

Verse 1:
I prayed for sunshine
But God sent rain
I asked for comfort
But life brought pain
For God works in ways
That we don't understand
But I know His promise
So I trust His plan

Chorus:
I didn't choose it
But I wouldn't change it
For it all worked together for my good
Looking back, I see it now
The suffering He allowed
Did, in me, what only trials could
I didn't choose it
But I wouldn't change it

Verse 2:
I would have chosen
A different road
No hurt or sorrow
Would I have known
But God chose a way
That would draw me to Him
And to be more like Jesus
I'd do it all again

Chorus:
I didn't choose it
But I wouldn't change it
For it all worked together for my good
Looking back, I see it now
The suffering He allowed
Did, in me, what only trials could
I didn't choose it
But God brought me through it
I didn't choose it
But I wouldn't change it
