

This Is How We Know

V1

To feel your gentle nearness
To rest in sweet forgiveness
And your warm embrace
This is how we know grace

V2

To find in You a refuge
To simply trust and let You
Calm the angry sea
This is how we know peace

The sacrifice
The highest price
That only You could pay

CHORUS

**This is how we know love
Not because we first loved You
But because you first loved us
Even in our sin
Mercy without end
Came to redeem us all
And to set the captive free
You have shown us with the Cross
How far love would go
This is how we know**

V3

To find our strength in weakness
To glory in You, Jesus
Holding to Your Truth
This is how we know You

The sacrifice
The highest price
That only you could pay

CHORUS

BRIDGE

*Thank you, Jesus
Thank you, Jesus for Your love
Thank you, Jesus
Thank you, Jesus...*
