

Enjoy Your Day

Written by Rodney Griffin

Verse 1

Sorrow and trouble in this life can depress a happy soul.
Wondering if things will turn out right can steal the joy that you've known.
The time has come for God's children to leave tomorrow's cares behind.
Believe the Lord when He told us, "You can take it one day at a time".

Chorus

Enjoy your day, it's the day God made you on your way to that heavenly place.
Enjoy your day, and don't let Satan try to take your victory away.
No guarantee that tomorrow is coming, so don't worry about the trouble you'll face.
This is the day God made, enjoy your day.

Verse 2

So many people around us are bound by grief and woe,
Living a life so anxious, worried what tomorrow will hold.
They miss the joy and pleasure meant for us to see.
But, when we count each day as a treasure, we'll live life differently.

Chorus

Enjoy your day, it's the day God made you on your way to that heavenly place.
Enjoy your day, and don't let Satan try to take your victory away.
No guarantee that tomorrow is coming, so don't worry about the trouble you'll face.
This is the day God made, enjoy your day.
