

It's Enough

Written by Greg Day

Verse 1

I know what Jesus did for me so many years ago.
On a rugged cross He paid the cost for my old sin-sick soul.
But now everyday in every way, He proves his love again,
And that's enough to keep me goin',
Enough to keep me growin'
Enough to keep me livin' for him...

Chorus

It's enough to keep my feet on the narrow way,
It's enough to keep me lookin' for a brighter day
It's enough to keep me singin' a brand new song
It's enough to keep me smilin' when things go wrong
Everything I need is alive in me,
For the source dwells deep within.
It's enough to keep me goin'
It's enough to keep me growin'
It's enough to keep me livin' for Him.

Verse 2

Now there are times my flesh is weak and I am prone to doubt.
I get lost for days in a worldly haze and I see no way out.
Then a ray of light cuts through the night and I'm rescued once again.
And that's enough to keep me goin',
Enough to keep me growin',
Enough to keep me livin' for Him...

Chorus

It's enough to keep my feet on the narrow way,
It's enough to keep me lookin' for a brighter day
It's enough to keep me singin' a brand new song
It's enough to keep me smilin' when things go wrong
Everything I need is alive in me,
For the source dwells deep within.
It's enough to keep me goin'
It's enough to keep me growin'
It's enough to keep me livin' for Him.
