

# A Song To Sing

V1

In this life, one thing we learn  
It's full of unexpected turns  
And doesn't go exactly like we planned  
Sometimes we trip, sometimes we fall  
Sometimes we're up against the wall  
But one thing that we've come to understand

Is that no matter what life brings...

CH

There's always a song to sing  
A reason to let our praises ring  
Just look at what He's already done for you and me  
And you'll see  
There's always a song to sing

V2

I don't fear the winds that blow  
And there's a peace down in my soul  
When I recall what God has brought me through  
Maybe friend, you're just like me  
And if you back you will see  
The many times He's calmed the storm for you

So no matter what life brings...

CHORUS

*BRIDGE*

*Always a song, a song to sing  
Always a song, our praises ring  
Always a song...  
So no matter what life brings*

CHORUS
