Water In The Wilderness

Written by: William Tery Wilkins & Twila McBride-Labar

Featuring LeeAnn Dill

Verse 1

I can tell you I've been through the fire.
I can tell you I've been through the flood.
I know what it's like when you're hurting,
Though you're covered by the blood.
Just because I'm part of God's family,
Trials will come my way.
But through each tribulation,
I can testify and say...

Chorus

He'll be your water in the wilderness,
The well that never runs dry.
When you're hungry He'll rain down manna,
Your needs He will supply.
There's cool refreshing in the desert,
An oasis He will provide.
He'll be your water in the wilderness,
The well that never runs dry.

Verse 2

I'm a witness of His great power.
I'm a witness of His great love.
I've been blessed beyond all measure,
He's given me more than enough.
So my friend if you're weak and you're weary,
I know He will carry you,
Through the heat of your battle,
To the place of His refuge...

Chorus

He'll be your water in the wilderness,
The well that never runs dry.
When you're hungry He'll rain down manna,
Your needs He will supply.
There's cool refreshing in the desert,
An oasis He will provide.
He'll be your water in the wilderness,
The well that never runs dry.
