

## God Is In Control

### Verse 1

Does it seem, like the world, Is chaotically turning?  
Sin and shame, unarraigned, and Godly men are adjourning  
Well our fathers warned that it would come to this  
But just hold your hat and know that the final truth is...

### CHORUS

God is in control, though Godless men conspire  
His will unfolds, though mortal minds are sometimes left to doubt  
His ways are higher than our ways, so even through the fire  
Take heart and know God is in control

### Verse 2

Does it seem, like your world, Is a maze of confusion?  
Do you long for the day, when problems meet their solutions  
Well I know sometimes life's life is unsecure  
But the saint who've held on before would charge you to rest assured

### CHORUS

His ways are higher than our ways, so even through the fire  
Take heart and know God is in control  
Take heart and know, Take heart and know... God Is In Control
