

It's Only The First Time

1st Verse

There's a secret sin, that you live with
And it's tearing you apart
You've prayed and prayed, but you're ashamed
To ask God to cleanse your heart
But even though, you've fallen again
When you kneel before Him

CHORUS:

It's only the first time
He's forgotten the last time
The moment you pray, His grace takes away
The stain of your sin
Just know that in God's eyes, it's only the first time
He's already there, to hear your prayer
And forgive you again

2nd Verse

If the Savior says, we must forgive
Time and time again
Then how much more, will our Lord
Forgive us when we sin
His love is strong, so wide and so deep
He longs for you to believe

CHORUS
