

# These Hands

## 1<sup>st</sup> Verse

Lord you showed me kindness, you taught me about love  
Then you changed my life forever by Your touch  
You offered me forgiveness for all I'd done before  
It was then I knew just what these hands were for

## CHORUS

These hands were made for clapping and praising  
These hands were made for holding and praying  
These hands were made to glorify, lifting up your name on high  
These hands were made for reaching out...cause ain't that what love's all about  
These hands were made for all I do  
These hands, These hands were made for loving You

## 2<sup>nd</sup> Verse

Lost in the shadows overwhelmed by pain  
We've all been there a time or two and needed things to change  
Lord you've used the hands of others to comfort and console  
So let my hands be helping hands for other wounded souls

## CHORUS

## BRIDGE

These hands have been expressions, of the best and worst in me  
So Savior please use these hands, for someone else to see

## CHORUS

## TAG

These hands were made for reaching out...cause ain't that what love's all about  
These hands were made for all I do  
These hands, These hands were made for loving You
