

Lamb of God

Written by Greg Day and Philip Robinson

Verse 1

Before there was a sinner, there was a Savior,
Who knew me before the foundation of the world.
He saw what would become of me, even in his agony.
Such love He proved that day, much more than I deserve.

Verse 2

Grace that knows no boundaries, has forever rescued me.
Though my sins were many, now they're covered by his blood.
I could never boast of things I've done, it's only by God's only son,
That I have this peace and a hope secure, and never-failing love.

Chorus

Lamb of God, Word revealed,
Never again will your glory be concealed.
Creation's king, His praise I'll sing,
Conquering on Calvary,
I praise the Lamb of God who died for me!

Bridge

A story of love as old as time, reached down into this heart of mine,
And gave to me his glory for my shame.
I will forever praise His name!

Chorus

Lamb of God, Word revealed,
Never again will your glory be concealed.
Creation's king, His praise I'll sing,
Conquering on Calvary,
I praise the Lamb of God who died for me!
